Christ's Church Academy collects the data that your web browser passes on, such as generic connection information, Internet IP address, cookies and web-browser name and version. We use the information contained within these logs to track the number of visitors to the website, analyze the performance of the website, and to track user preferences to ensure that we are publishing content that people need and want.

Any such data and any additional information that we gather via online forms, like contact information (i.e. email and/or mailing address), is only used internally. We may use such contact information to communicate with you, but we will not sell, rent or otherwise give any personal information you share with us to any third parties, except service providers who assist Christ's Church Academy in communicating with you. We may be required by applicable law, subpoena, court order or other legal process to disclose the personal information you provide us or that we gather from your use of our website, and it is our policy to comply with any such requirements.

All highly sensitive information, like credit card numbers, is encrypted through a secure connection (SSL/TLS). Independent external and internal audits are conducted from time to time to review our privacy and security settings, how we process your information on our website and to ensure we remain compliant with PCI-DSS standards (Payment Card Industry Data Security Standards). Christ's Church Academy processes transactions immediately and does not store any credit card information at any time. Unfortunately, the transmission of information via the internet is not completely secure. Although we do our best to protect your personal information, we cannot guarantee the security of your personal information transmitted to our website. Any transmission of personal information is at your own risk. Christ's Church Academy is not responsible for the circumvention of any privacy settings or security measures contained on its website.
